FINAL EXAMINATION QUESTION PAPER

CODE-9P Approved for Quality Management System

EDUCATION & TRAINING COURSE: DIPLOMA IN EARLY CHILDHOOD EDUCATION COURSE CODE: LC-0843

SUBJECT: ENVIRONMENTAL ACTIVITIES

Faculty	Department / Section/Division	
Humanities and Education	Education	

INSTRUCTIONS TO CANDIDATES	Date: 2023.06.25
Total Marks = 100	Duration of the examination = 02 hours
	Candidates could be disqualified if you violate examination rules.
	Candidates are not allowed to communicate with and disturb fellow candidates during the examination.

PART I

Answer all the questions from 1-20. Select the most suitable answer.

- 01. Why do all food chains start with plants?
 - a) Because plants are easily grown
 - b) Because plants are nutritious
 - c) Because plants can produce its own energy
 - d) Because plants do not require energy
- 02. What is a food chain?
 - a) A long chain made of food
 - b) Process of preparing food
 - c) Food where locked by chain
 - d) Pathway that energy and nutrients flow through the ecosystem
- 03. Which one of the following groups of chemicals is not a food nutrient?
 - (a) proteins, (b) enzymes,
- (c) carbohydrates,
- (d) vitamins.
- 04. The teeth at the front of the mouth which are used for chopping are called:
 - (a) incisors, (b) canines, (c) premolars, (d) molars.
- 05. When proteins are completely broken down the end products are:
 - (a) glucose molecules, (b) glycerol molecules, (c) amino acids, (d) vitamins.
- 06. Water reabsorption is the main function of:

 - (a) the liver, (b) the pancreas, (c) the esophagus,
- (d) the colon.

07. Movement of food along the alimentary tract is called: (a) secretion, (b) peristalsis, (c) absorption, (d) hydrolysis
08. Gynaecium of a flower is,
a) Stamens, ovary and stigma b). Stamens, pollen and ovary c). Ovary, stigma and pollen sac d). Ovary, style and stigma
09. The liquid portion of the blood is called a). water b). Plasma c). serum d). liquid
10. Which is the largest gland inside the human body? a). Thyroid b). Liver c). Pancreas d). None of these
11. Factor not needed for photosynthesis is a). sunlight b). water c). Carbon Dioxide d). oxygen
12. Which answer is incorrect regarding animalsa). Do locomotion b) body contains chlorophyll c). can grow d). can reproduce
13. An Animal feeding by sucking a). Kingfisher b). Tiger c) mosquito d). Fish
14. Organisms that grow during the whole lifespan isa). monkeyb). cockroachc) plantd). book
15. Pollution of water is affecting of a).water level in water body b).growth of Aquatic organisms in water body c). amount of consumable water getting reduced d). Above all is correct
6. A Herbivore out of these animals a). butterfly b).lion c).crow d).Tiger
17. By which process a plant differ from animals a). Reproduction b).photosynthesis c). respiration d) growth
18. Which of the following is not a fat soluble Vitamin a). Vitamin A b), Vitamin B c. Vitamin C d. Vitamin D
 19. The ascent of sap in plants takes place due to a). root pressure b). transpiration pull c). both a and b d).osmosis
20. An advantage of containing fiber in food is, a). Low risk in cancers in large intestine c). Helps, control blood sugar level b). Prevent constipation d). All the above

PART-II

Answer any four questions given below.

- (01). i. What are the three types of water available on earth?
 - ii. List ten uses of water.
 - iii. List ten ways that water gets polluted.
 - iv. Write ten possible ways we can prevent water pollution.

(20 Marks)

- (02). i. List five uses of plants.
 - ii. How animals are divided according to the food they eat?
 - iii. Who are warm blooded animals? Give two examples?
 - iv. Write five natural disasters we find in the environment?

(20 Marks)

- (03). i. Draw two food chains?
 - ii. Draw a food web?
 - iii. Who are autotrophies? What is their position in food chains?
 - iv. Name three herbivorous animals?

(20 Marks)

- (04). i. List the five nutrients that should be there in a balanced diet?
 - ii. Give three important minerals to the human body.
 - iii. Give three differences between plant cell and an animal cell.
 - iv. Write five methods to preserve the nutrients of the food during preparation.

(20 Marks)

- 05). i. What is Environment pollution?
 - ii. List five main ways air gets polluted?
 - iii. What is plant pollination?
 - iv. What are the factors of pollination?

(20 Marks)

Final Examination Question Paper Code - QP Approved for Quality Management System

EDUCATION & TRAINING COURSE: DIPLOMA IN EARLY CHILDHOOD EDUCATION

COURSE CODE: LC-843 SUBJECT: DEVELOPMENTAL PSYCHOLOGY

Faculty	Department / Section/Division	
Humanities and Education	Education	

Instructions to Candidates	Date: 2023.06.24
Write all the questions.	Duration of the examination = 02 hours
Total Marks = 100	Candidates could be disqualified if you violate examination rules.
	Candidates are not allowed to communicate with and disturb fellow candidates during the examination.

Answer only five Questions.

QUESTION 1

- 1). Educational psychologists apply theories of human development to understand individual learning and inform the instructional process. The process of learning is continuous and starts right from the time of birth of an individual and continues till death.
- (a) Explain your understanding of the role of educational psychology. (8 Marks)
- (b) What are the main approaches in educational psychology? (12 Marks)

QUESTION 2

- Developmental psychology is the scientific study of how and why humans grow, change, and adapt across the course of their lives. As humans, we constantly grow throughout our lifespans, from conception to death.
- (a). According to Freud, how does psychosexual personality development occur? (8 Marks)
- (b). Explain the implications of developmental theories for teachers. (12 Marks)

QUESTION 3

- 3). As children's thinking develops from one stage to the next, their behaviour also changes, reflecting these cognitive developments. The stages follow a specific order, and each subsequent stage only occurs after the one before it.
- (a) What is it that a child cannot do in Piaget's concrete operational stage? (8 Marks)
- (b). Explain how Piaget's theory is important for people working with children (12Marks)

QUESTION 4

- 4). Learning situations are most natural and common in our life. Every moment you learn something or the other because of the varied experiences you have in life. In the educational process, the central idea is learning.
- (a). How would the behavioural approach explain learning? (8 Marks)
- (b). What is the difference between classical conditioning and operant conditioning (12 Marks)

QUESTION 5

- 5). Curriculum / Learning experiences should be according to the mental level of maturity of the child. If this is not so, there will be poor comprehension and readiness may vanish. Learning failures are the result of forcing the learner to learn when she/he is not ready to learn something.
- (a). Define what motivation is. (8 Marks)
- (b). Discuss the importance of motivation in classroom teaching and the learning process.
- (12 Marks)

QUESTION 6

- 6). Children and adolescents grow and develop at very different rates. Everyone is unique, with a distinct personality and life experience and age is not the only sign of where a particular child or adolescent is in terms of development.
- a). What are the four psychological needs of adolescents? (8 Marks)
- b). How a teacher can help adolescents overcome problems related to transition periods.(12 Marks).

FINAL EXAMINATION QUESTION PAPER

CODE-QP Approved for Quality Management System

EDUCATION & TRAINING COURSE: DIPLOMA IN EARLY CHILDHOOD EDUCATION COURSE CODE: LC 0843 SUBJECT: DEVELOPING MATHEMATICAL SKILLS

Faculty	Department/Section/Division	
Humanities and Education	Education	

INSTRUCTIONS TO CANDIDATES	Date: 2023.06.18
Candidates could be disqualified if you violate examination rules.	Duration of the examination = 02 hours
Candidates are not allowed to communicate with and disturb fellow candidates during the examination	Total Marks = 100

Answer 5 questions

Question 01 Select the correct answer

(20 marks)

- The primitive man kept a record of his group of chickens by using a number concept i) Known as:
 - a) invariance
 - b) inclusion
 - c) neighborhood
 - d) one to one correspondence
- ii). which of these is the largest number?
 - a). 5 735
 - b). 5 537
 - c). 5 573
 - d). 5 753

iii). T	The shape a)	e which has no straight edges, no corners is a, Circle
	b)	Rectangle
	c)	Square
	d)	Triangle
iv). S	elect the	correct order of following experiences that are used in introducing number
	Concep	ets in primary grades.
	a)	Visual, Abstract, Concrete
	b)	Concrete, Visual, Abstract
	c)	Abstract, Visual, Concrete
	d)	Concrete, Abstract, Visual
v)	Which	of the following vocabulary words are related to spatial relationships? a) big, small
		b) long, short
		c) minutes, hours
		d) above, under
vi).	Select	the pair which has only prime numbers.
		a) (1, 2)
		b) (9, 5)
		c) (1, 3)
		d) (2, 7)
vii).	Which	of the following attributes is usually used to separate a bag of vegetables?
		a) Size
		b) Color
		c) Shape
		d) Kind

viii). Follow		ning of a pat	tern of tiles. If the pattern continues, how m	any tiles will be in
3,000				
	Figure 1	Figure 2	Figure 3	
a)	12			
b)	15			
c)	18			
d)	21			
ix). Which o	of the following	g is the Hin	du-Arabic form for the Roman numeral	MCDXCVII?
	a) 1749			
	b) 1479			
	c) 1497			
	d) 1947			
	g are some mat e one that is in		statements that a student wrote.	
a)	All sides of a	a Regular p	oolygon are equal.	
b)	A square has	all its angle	es equal to 90 degrees.	
c)	A circle is a	polygon.		
d)	A triangle is	a 2-dimens	sional shape.	
Question (02			
a). Write	e three unit frac	ctions.		(02 marks)
b). Write	down the num	bers 0.6, 0	0.66 and 0.06 in ascending order.	(02 marks)
c). What	is the value of	D in MM	MDCXVII?	(02 marks)
d). The p	erimeter of one	e of the fac	es of a cube is 20 cm, find its volume.	(03 marks)
			quential stages to follow in developing ces of objects. Name these three stages?	concepts (03 marks)

ii. Name three devices which can be used to measure time.

(03 marks)

- f). i. What is the smallest whole number that you can make using the digits 4, 8, 9,5,7,6 and 2? Use each digit only once.
 - ii. What is the value represented by digit 6 in this number?
 - iii. Write this number in standard form.
 - iv. Write this number in words.

(05 marks)

Question 03

- a). Name three **pre mathematical concepts.** Describe activities which can be used to introduce these concepts to early grade children. (10 marks)
- b). What is CPA approach? Explain the activities you can use in these three stages.

 (10 marks)

Question 04

- a). Explain, why did Hindu -Arabic numerals become more popular than Roman numerals? (12 marks)
- b). Explain the materials and procedure can be used to introduce the concept of place value.

 (08 marks)

Question 05

- a) Explain the difference between LOTS and HOTS. (05 marks)
- Explain the difference between closed questions and open questions.
 Write 2 closed questions and Write 2 open questions. (08 marks)
- c) Explain the importance of using formative assessment in mathematics lessons.

(07 marks)

Question 06

- a) Name three teaching/learning materials that can be used in mathematics lessons
 and Explain how these materials can be used in a lesson. (10 marks)
- b) Design 10 domino cards to consolidate addition facts up to 25. (05 marks)
- c) Describe the procedure used to introduce the four main directions. (05 marks)

Question 07

A group of students from grade 5 were asked the number of members in their family and the results are given below.

- 2 4 3 4 3 5 2 3 5 3 3 2 3 2 4 6 4 3 3 4 3 2 2 6 3 2 4 3 3 5
- a) Complete the given table on your answer paper by using above data. (03 marks)

Number of members	Tally mark	. No. of families

b) Draw a suitable graph using above data.

(03 marks)

c) What would be a suitable topic for this graph?

(02 marks

d) What information does the vertical axis give?

(02 marks)

e) Write five questions to ask from children to test their ability to interpret data shown in the graph. (10 marks)

Question 08

Explain the difference between Instrumental Learning (rote learning) and Relational Learning (meaningful learning) with examples. (20 marks)

-----END OF THE QUES TION PAPER-----

FINAL EXAMINATION QUESTION PAPER

CODE - QP Approved for Quality Management System

EDUCATION & TRAINING COURSE :DIPLOMA IN EARLY CHILDHOOD EDUCATION

COURSE CODE: LC-0843

SUBJECT: HEALTH & NUTRITION

Faculty	Department / Section/Division
Humanities and Education	Education

INSTRUCTIONS TO CANDIDATES	Date: 2023-06-18
Total Marks = 100	Duration of the examination = 02 hours
	Candidates could be disqualified if you violate examination rules.
	Candidates are not allowed to communicate with and disturb fellow
	candidates during the examination.

PART -I

Answer all the questions given. Underline the most suitable answer.

- (01). Which one of the following foods does not contain carbohydrate:
 - (a) potato,
- (b) sugar,
- (c) meat,
- (d) rice.
- (02). Which is the largest gland in the human body?
 - a). Thyroid
- b). Liver
- c). Pancreas
- d). None of these

(03).

Identify the disease and name the deficiency that causes it?

- a. Kwashiorkar, caused due to deficiency of proteins
- b. Kwashiorkar, caused due to deficiency of proteins and carbohydrates
- c. Marasmus, caused due to deficiency of proteins
- d. Marasmus, caused due to deficiency of proteins and carbohydrates

(04) Deficiency of causes 3 a. Vitamin B1 b. Vitamin	Night blindness. D . Vitamin A d. Vitamin C
(05).	
Deficiency of which nutrient leads to this	s disease?
	itamin D itamin C
	ar food will help in the prevention ofickets d. Diabetics
(07). Stunted growth and stomach shrink	age are the symptoms of this deficiency disease.
a. Kwashiorkor b. Marasmus o	c, Anemia d. Goiter
(08). Having foods rich in this vitamin w	ill prevent Beriberi disease.
a.Vitamin A b. Vitamin C c.	Vitamin B1 d. Vitamin D
(09). If you suffer from Anaemia you sho	ould eat foods rich in
a.Vitamin A and C	b. Calcium and Phosphorus
c. Iron and Vitamin B12	d. Vitamin A and D
(10). Lack of exposure to sunlight may le	ead to deficiency of this
a. Vitamin D b.Vitamin	K
c.Vitamin E d. Vitamin	D
(11).The key to good health is aa. drink enough water b. Regula	ar exercises c. Balanced diet d. All these
(12). If a person has weak and malforme a. Vitamin D b. Protein c. F	d bone what should take most. ood contain Iron d. Food contain Calceium
	ncreasing the nutritional value food ncrease the taste

the diet was
(a), Aneamia (b). Herpes (c). Scurvy. (d), Ebola
(15). Which one of the following groups of chemicals is not a food nutrient?
(a) proteins, (b) enzymes, (c) carbohydrates, (d) vitamins.
(16). The teeth at the front of the mouth which are used for chopping are called:
(a) incisors, (b) canines, (c) premolars, (d) molars.
(17). When proteins are completely broken down the end products are:
(a) glucose molecules, (b) glycerol molecules, (c) amino acids, (d) vitamins
(18). What food does for you: (a). Provides energy for daily activity (b) Gives you raw material (c) Eating is an enjoyable activity for your body (d) All of the above
(19). Osteoporosis effects what part of your body? (a). skin (b). Hair (c). Blood (d). Bones
(20). A Food Nutritional Label will NOT tell you the? (a) . food group (b) serving size (c). calories (d) total fat
(Marks- 20)

PART II

Answer all the questions given.

(01).

- i. What are infectious diseases? Give three examples.
- i. List five good health habits?
- ii. List three minerals essential for body.
- iv. Name three noninfectious diseases,

(Marks- 20)

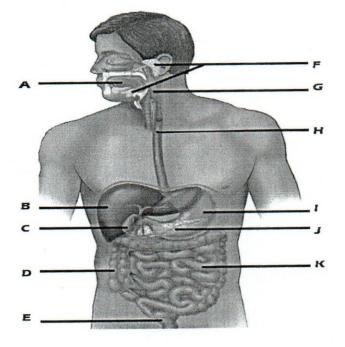

(02).

- i. Name five systems in the Human Body.
- ii. List three functions of Blood Circulatory system.
- iii. Write the path of food taken by mouth till waste pass away from body.
- iv. What are the ways diseases spread among people?

(Marks- 20)

(03). Digestive system is one of the most important systems of the body.

i. Lable the parts from A-K of the following figure.

- ii. Name two hormones secreted by the organ J.
- iii. What is the main function of the organ K?
- iv. Write the functions of the two hormones mentioned in above II

(20 Marks)

- (04). i. What are the ways we get diseases?
 - ii. Write five ways water gets polluted.
 - iii. Name four diseases spread due to polluted water.
 - iv. Name three undernutrition conditions.

(20 Marks)

- (05). i. What are the five sensory organs of the body?
 - ii. What are the examples of fat-soluble vitamins?
 - iii. Name three vitamin deficiency symptoms.
 - iv. What are the components of a healthy diet?

(Marks- 20)

FINAL EXAMINATION QUESTION PAPER

CODE - QP Approved for Quality Management System

EDUCATION & TRAINING COURSE: DIPLOMA IN EARLY CHILDHOOD EDUCATION COURSE CODE: LC-0843

SUBJECT: PRINCIPLES AND PHILOSOPHY OF PRESCHOOL EDUCATION

Faculty	Department / Section/Division
Humanities and Education	Education

INSTRUCTIONS TO CANDIDATES	Date: 2023.06.17
Total Marks = 100	Duration of the examination = 02 hours
	Candidates could be disqualified if you violate examination rules.
	Candidates are not allowed to communicate with and disturb fellow candidates during the examination.

Answer five questions only

Question 1

(i) Explain the five characteristics of education.

(10 marks)

(ii) Compare and contrast aims, objectives and specific objectives in education. (10 marks)

Question 2

- (i) What is formal, informal and non-formal education? Explain with example. (10 marks)
- (ii) "Non formal education leads to lifelong learning" Discuss this statement. (10 marks)

Question 3

(i) Identify and discuss the Four Pillars of Education.

(10 marks)

(ii) As a teacher discuss the five ways of helping children with regard to child rights. (10 marks)

Question 4

(i) Discuss the importance of philosophy of education to teachers.

(10 marks)

(ii) Discuss the educational contributions of Maria Montessori.

(10 marks)

Question 5

- (i) Compare and contrast teacher centered and student centered education. (10 marks)
- (ii) "Teachers need to perform varies roles/ adopt a range of roles and skills to suit specific situations". Elucidate this statement. (10 marks)

0					-
4 1	11	29	tı	on	h
V	u	03	u	UII	U

- (i) Briefly explain the five (05) Agents of Socialization. (10 marks)
- (ii) "Socialization is interactive in nature. This interaction is two-fold" Discuss. (10 marks)

Question 7

- (i) Discuss the need for value education in present society. (10 marks)
- (ii) "There are some means and ways that Teachers can inculcate value education". Elucidate. (10 marks)

Final Examination Question Paper Code - QP Approved for Quality Management System

EDUCATION & TRAINING COURSE: DIPLOMA IN EARLY CHILDHOOD EDUCATION COURSE CODE: LC-0843
SUBJECT: DEVELOPMENTAL PSYCHOLOGY

Faculty	Department / Section/Division
Humanities and Education	Education

Instructions to Candidates	Date: 2022.12.17
Write all the questions.	Duration of the examination = 02 hours
Total Marks = 100	Candidates could be disqualified if you violate examination rules.
	Candidates are not allowed to communicate with and disturb fellow candidates during the examination.

Answer any five questions. Each question carries 20 Marks

QUESTION 1

- 1. (i) Define psychology with your own words. (8 Marks)
 - (ii) Explain and describe the purposes of educational psychology (12 Marks)

QUESTION 2

- 2. (i) Explain the main factors influencing human development (8 Marks)
 - (ii) What are the main differences between growth and development? (12 Marks)

QUESTION 3

- 3. (i). Explain Vygotsky's Theory of Cognitive Development (8 Marks)
 - (ii) List the four stages of Piaget's Cognitive Development theory and briefly describe a child's capabilities during each stage. (12 Marks)

QUESTION 4

- 4. (i) Write Erikson's five principles. (8 Marks)
 - (ii) Explain how Assimilation happens According to Jean Piaget (12 Marks)

QUESTION 5

- 5. (i) Mention the type of motivations with the help of examples. (8 Marks)
- (ii) Explain how Maslow's hierarchy of needs might have affected behavior in some way? (12 Marks)

QUESTION 6

- 6. Write a short note on two topics below (Each topic carries 10 Marks)
 - (a) Edward L. Thorndike's primary laws of learning
 - (b) Pavlov's Classical Conditioning Theory
 - (c) Social Learning Theory: Bandura
 - (d) Lorenz Ethological Theory

	Candidates are not allowed to communicate with and disturb fellow candidates during the examination.

* Answer 5 questions

(a) 100

(b) 500

(c) 1000

(a) 5/3

Question 01. <u>Underline the correct answer</u>

i. The symbol D in Roman numeral stands for:

	(d) 50			
ii.	The corners of a solid shape are called (a) vertices	its_		
	(b) edges			
	(c) faces			
	(d) net			

Which one of the following is an improper fraction?

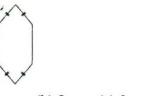

(a) 4/15

(a) 1/10

(a) 1/7

P	ag	e	1	0	f	

iv. How many lines of symmetry does the figure have?

- (a) 1
- (b) 2
- (c) 3
- (d) 4
- v. Following are some mathematical statements that a student wrote. Select the one that is incorrect.
 - (a) Regular polygon has all its sides are equal.
 - (b) A square has all its angles equal to 90 degrees.
 - (c) 2 is a prime number.
 - (d) A triangle is a three-dimensional shape.
- vi. Select the correct expression
 - (a) (-3) > (+2)
 - (b) (+1) > (-5)
 - (c) (-5) > (0)
 - (d) (-3) > (-1)
- vii. When a child can say that the number of objects in a set is not changed when the arrangement of the objects are changed, the child has developed the concept of
 - (a) Relationships
 - (b) Ordering
 - (c) Invariance
 - (d) Neighborhood
- viii. Select the correct order of following experiences that are used in introducing number concepts in primary grades
 - a) Visual, Abstract, Concrete
 - b) Concrete, Visual, Abstract
 - c) Abstract, Visual, Concrete
 - d) Concrete, Abstract, Visual

ix Which of the following vocabulary words are related to measure	aring length?
(a) big, small	
(b) long, short	
(c) above, under	
(d) minutes, hours	
x. Each figure represents a fraction. Which two figures repres	sent the same fraction?
(a). 1 and 2 (b). 1 and 4 (c). 2 and 3	(d). 3 and 4
Question 02	$(2 \times 10 = 20 \text{ marks})$
Question 02	
(a) Write all prime numbers between 10 and 25.	[3 marks)
(b) i. Write 85/125 as a decimal number.	<i>[1]</i>
ii What is the hundredth digit of this decimal number?	[4 marks]
(c) Draw an abacus to represent number 20.54(d) There is a square which a side length is 12cm. Its perimet	[2 marks]
an equilateral triangle. Find the side length of the equilater	
(e) Write down 3 characteristics observed in a cube?	[3 marks]
(f) Write the Hindu-Arabic numeral for MMCMIX.	[3 marks]
Question 03	
(a) What is CPA approach? Describe activities early grade to	eacher can use in these three
stages.	[10 marks]
(b) Explain a sequence of activities suitable to introduce 'nu	mber 3' for early grade
Children.	[10 marks]
Question 04	
(a) Name three pre-mathematical concepts and describe thes	e concepts with examples. [10 marks]
(b) Name three teaching/learning materials that can be used	_
explain how these materials can be used in a lesson.	[10 marks]

Question 05

- (a) There are three essential stages to follow in developing concepts related to measuring attributes of objects. Name these three stages. [06 marks]
- (b) Write three units used in ancient time to measure length. [03 marks]
- (c) Name three measuring tools that are used to measure length. [03 marks]
- (d) Name three devices which can be used to measure time. [03 marks]
- (e) The quantity of drink in a bottle was 2 l and 100 ml.

 Of this amount, three 200 ml glasses were served to guests. Find the amount of drink remaining in the bottle. [05 marks]

Question 06

The number of glasses of fruit drinks sold at a stall on a certain day, is represented in the following table.

Type of drink	Tally marks	Number of glasses sold
Wood apple		7
Mango		5
Lemon		6
Guava		3
Pineapple		4

- (a) Complete the tally marks column in this table. [02 marks]

 (b) Draw a bar graph using this data. [02 marks]

 (c) Write a suitable topic for the graph. [02 marks]

 (d) What information does the vertical axis give? [02 marks]

 (e) Write six questions to ask from children to test their ability to interpret
- (e) Write six questions to ask from children to test their ability to interpret data shown in the graph. [12 marks]

Question 07

- (a) The most common number system in the world is Hindu-Arabic number system.
 - Explain the advantages of this number system. [10 marks]
- (b) Write 3 activities that you can use with children to introduce place value of numbers.

[10 marks]

Ou	00	tio	n	08

English Language and Communication

December 2022

Answer all questions Total marks -100 Pass mark -50 Index No......

Duration – 3 hours

Question 01

Fill in the blanks with a suitable preposition

- 1. What I thought was different what you thought.
- 2. They are agreement to sell the house for a cheap price.
- 3. She will put the blame you if you failed to attend the conference.
- **4.** People are afraid the current economic situation in the country; they migrate to well-developed countries.
- 5. After the graduation, I'm planning apply for a job.

(05 marks)

Question 02

Underline the correct word ending selecting from those given in brackets.

- 1. He told me confi........ (dential, dent, dentially) that he was going to apply for the post of director.
- 2. Gamini told that he was miser..... (able, y, ably) because he had lost his job.
- 3. My friend always wears glam..... (orously, orous, our) dresses.
- 4. In desper..... (ate, ately, action), I went to the psychiatrist for help.
- 5. He was dis..... (gusting, gusted, gustedly) with the way his friend behaved at the party.

(05 marks)

Question 03

Read the letter given and answer the following questions.

42/B Kuliyapitiya 5th October 2022

My dear Rizvana,

It has been quite some time since I wrote to you last. The last month was indeed very **hectic**, as our first term test was in full swing. We all were delighted when our vacation commenced. Our family along with uncle Sisira's family went to Riverstone in Matale during this holiday.

We all went in uncle Sisira's van and had a wonderful time. We started our journey in the morning from Kuliyapitiya and reached Matale town around 7.30 a.m. After taking breakfast at at a restaurant in Rattota, we reached Illukumbura forest bungalow around 10.00 a.m. This bungalow had been reserved by my father before our vacation started. After having a cup of teathere, we proceeded to Riverstone, which is about 10km from the bungalow, with our guide, Bandara, who joined us there. We drove up to Riverstone Telecommunication Tower and parked our van near a small river and began trekking from there towards the mountains. As there weren't many visitors on that day, we felt our journey relaxed.

We headed to Sera Ella and enjoyed the refreshing cold spray of misty water droplets there. Oh!

– I forgot. Before that, we visited 'mini worlds end' and enjoyed the picturesque view of Knuckles range and Thelgarnuwa valley. From Sera Ella, we all walked to Thelgama Oya and had a cooling dip bath after a long arduous trek. My mother had prepared sandwiches. After

having sandwiches for our lunch, we reached our lodge at 5.00 p.m. and enjoyed our dinner prepared by Bandara. Next morning, we all set out to Kuliyapitiya after breakfast.

You must also plan a visit to this place and I am sure you will enjoy it. Give my love to Anil.

Loving friend Seetha

1. Do the following statements agree with the information given in the above text? In boxes write **True** or **False**.

True	If the statement is correct	
False	If the statement is wrong	

	Statements		
(1)	The two families went to Riverstone before the vacation.		
(2)	Seetha's family started the journey before 7.30 a.m.		
(3)	Their vehicle was kept at the Illukkumbura forest bungalow when they visited Sera Ella.		
(4)	A lot of tourists had come to Rivserstone on the day of their visit.		
(5)	Before they reached Sera Ella, they had visited 'mini worlds end'.		
(6)	They had a bath at Sera Ella.		
(7)	Their lunch was prepared by Seetha's mother.		
(8)	They spent the night at the Illukkumbura forest bungalow.		

- 2. Underline the **most appropriate** response.
 - (a) The word 'hectic' most nearly means
 - (1) awful
 - (2) thoughtful
 - (3) complicated
 - (4) busy
 - (b) The word, 'there' in bold print refers to

(4) Restaurant in Rattota
3. Write a summary of Seetha's journey to Riverston.
(20 marks)
Question 04
Rewrite each sentence beginning as shown, so that the meaning stays the same.
If you don't do it, you will be in danger.
Unless you
I didn't have an umbrella with me, so I got wet.
wouldn't
You dial this number to contact him.
If you
The politician promised a solution.
A solution
• The government ought to issue O/L results now.
It's high time
• Don't complain all the time. It's so annoying. Page 4 of 10

(1) Matale

(3) Riverstone

(2) Illukkumbura Forest Bungalow

I wish
• I am very sorry. I couldn't attend your uncle's funeral.
I really wish.
• She was not there, that's why I couldn't speak to her.
If she
• One of my friends always gives me calls for nothing.
I
• It's better if you can leave now itself.
You'd
(10 marks)
Question 05
Underline the correct word forms those given within brackets to fill in the blanks in the
following text.
following text.
following text. A boy and a girl (1) (was/ were/ been) playing together. The boy had
A boy and a girl (1) (was/ were/ been) playing together. The boy had (2) (a/ those/ many) collection of beautiful marbles. The girl had
A boy and a girl (1) (was/ were/ been) playing together. The boy had (2) (a/ those/ many) collection of beautiful marbles. The girl had (3) (some/ much/ any) toffees with her. The boy offered to give the girl all
A boy and a girl (1)

Question 06

Read the following text and do the activities that follow. The text has six paragraphs. (I—VI). One word in the first paragraph (I) has been deleted.

- (I) Garbage cans are not magical portals. Trash does not disappear when you toss it in a can. Where does all that trash go? There are four methods to manage waste: recycling, landfilling,, and incinerating. Each method has its strengths and weaknesses.
- (II) Recycling is the process of turning waste into new materials. For example, used paper can be turned into cardboard, which can be used to make book covers. Recycling can reduce pollution, save materials, and lower energy use. Yet, some argue that recycling wastes energy. They believe that the process of collecting, and converting waste uses more energy than it saves. Still, recycling is better for the planet than land-filling.
- (III) Land-filling is the oldest method of managing waste. In its simplest form, land-filling is when people bury garbage in a hole. Over the years, the practice of land-filling has advanced. Garbage is compacted before it is thrown into the hole. In this way, more garbage may be put in each landfill. Large liners are placed in the bottom of landfills so that toxic garbage juice doesn't get into the ground water. Sadly, these liners don't always work. Landfills may pollute the local water supply. Not to mention that all of that garbage stinks. Nobody wants to live next to a landfill. This makes it hard to find new locations for landfills
- (IV) As landfill space increases, interest in composting grows. Composting is when people pile up organic matter, such as food waste, and allow it to decompose. The product of this decomposition is compost. Compost ran be added to the soil to make the soil richer and better for growing crops. While composting is easy to do on-site somewhere, like home or school, it's hard to do after the garbage gets all mixed up. This is because plastic and other inorganic materials must be removed from the compost pile or they will pollute

the soil. There's a lot of plastic in garbage, which makes it hard to compost on a large scale.

- (V) One thing that is easier to do is burning garbage. There are two main ways to incinerate waste. The first is to create or harvest a fuel from the waste, such as methane gas, and burn the fuel. The second is to burn the waste directly. The heat from the incineration process can boil water, which can power steam generators. Unfortunately, burning garbage pollutes the air. Also, some critics worry that incinerators destroy valuable resources that could be recycled.
- (VI) Usually, the community in which you live manages waste. Once you put your garbage in a can, what happens to it is beyond your control. But you can make choices while it is still in your possession. You can choose to recycle, you can choose to compost, or you can choose to let someone else deal with it. The choice is yours.
- (1) In the space provided beside each sentence given below, write T (True) if the sentence is correct and F (False) if it is wrong and U (Unknown) if the information given in the text is not sufficient to decide.
 - (a) Developed countries use recycling method more often than other waste management methods. (.....)
 - (b) Due to high amount of plastic in garbage, it is difficult to produce *compost* on a large scale. (.....)
 - (c) The writer does not recommend one method of waste management as the best. (.....)

- (2) **Underline** the most appropriate response in each of the following.
 - (a) Which of the following is the most appropriate word to fill in the blank in paragraph 1?
 - (i) processing
- (ii) composting (iii) destroying
- (iv) locating

- (b) Which of the following is true?
 - (i) Burning garbage does not cause environmental pollution.
 - (ii) Landfills can cause environmental pollution.
 - (iii) Compost and land-filling can be used to make the soil richer.
 - (iv) Land-filling is a more effective method than recycling.
- (c) Which of the following is not true according to paragraph V?
 - (i) Burning garbage is an easy method of waste management.
 - (ii) There are no advantages of incinerating method.
 - (iii) Incinerating method has both advantages and disadvantages.
 - (iv) Incinerating method can harvest a fuel from the waste.
- (d) Which of the following is the most appropriate title to this text?
 - (i) Recycling Garbage; a better method of waste management.
 - (ii) Methods of Waste Management; their strengths and weaknesses.
 - (iii) Waste Management Methods; four types and their advantages.
 - (iv) Recycling Garbage: its strengths and weaknesses.
- (3) Fill in the blanks in the following passage, based on the information in the above text. Do not use more than two words in each blank.

Throughout history, waste has been generated by humans. In areas with low population density, waste generation may have been negligible. Therefore, in the past (1)...... was

a very satisfactory method of waste management. As the population grey, the build-up of waste
caused a rapid deterioration in the general quality of life. As a result, people realized
the importance of other methods of (2) management. They began to
(3) the waste. The heat generated from this process was used to boil water.
However, incineration process led to air pollution. In another method, people are thinking of
turning waste into new materials, the process of which is referred to as (4)
Though it has many advantages, we cannot ignore the fact that it uses more (5)
than it saves.
(4) Who or what do the pronouns in bold print in the text refer to?
(a) it (paragraph II)
(b) they (paragraph IV)
(c) it (paragraph VI)
(5) Write one word for each blank, selecting from the passage, which means the same as each of
the given word/phrases
(d) make something less or smaller in size/quantity
(e) developed/improved
(f) containing poison
(g) very useful/important
(h) persons who express opinions or disapproval of something
(20 marks)

Question 07

Fill	in	each	blank	with	the	correct	form	of	the	verb	given	in	brackets.
											0		

Two schoolboys were arguing over something one day. Suddenly, they started (1)
(hit) each other. (2) (see) them, a third boy came rushing towards them to
stop their fight. As he (3) (go) near them, he heard the first boy (4)
(tell) the second boy "With one hard slap I (5) (take)
out all your 64 teeth."
The third boy (6) (shock) at what he said and asked the first boy, "What
the hell (7)
(8) you (find) a person with 64 teeth?"
To this the first boy replied, "I knew you (9) (interfere) in our matter,
that's why I (10) (include) yours as well.
(10 marks)
Question 08
Question oo
Write an essay on one of the following. Use not less than 200 words.
(1) Importance of technology in teaching
(2) Impact of the economic crisis on education
(3) Living with COVID 19 pandemic
Or
Develop the following into a story
It was the very first time that I went on a trip without my family. My friends including me decided to go on a trip

	Candidates are not allowed to communicate with and disturb fellow
	candidates during the examination.

Part 1

Answer all questions

- 1. Provide two definitions for 'Education'.
- 2. "The Educational Aims are decided at national level". Mention 4 characteristics of educational aims.
- 3. Explain two differences between teacher centered and student centered approach.
- **4.** Write 4 objectives of the code of Ethics for teachers?
- 5. Mention 4 pillars of education.

(20 marks)

Part 2

Answer any 4 questions

Question 01

- 1. Write 3 main domains of Education. (2 marks)
- 2. Explain 2 characteristics of Education. (4 marks)
- 3. Briefly mention three examples for educational aims (6 marks)
- 4. There are three main modes of Education. Explain with suitable examples (8 marks)

(20 marks)

Question 02

- 1. Differentiate aims and objectives. (2 marks)
- Why is it important to consider learning objectives in the teaching learning process?Explain briefly. (4 marks)
- 3. 'The national system of education should assist individuals and groups to achieve major national goals'. State three national goals. (6 marks)
- 4. "Competencies in communication are based on 4 subsets": Discuss (8 marks)
 (20 marks)

Question 03

- 1. Explain teacher centered education. (2 marks)
- 'Student centered education is better than teacher centered education'. Do you agree with this? Explain (4 marks)
- 3. Discuss 3 duties of a school teacher with relevant examples. (6 marks)
- 4. "Teachers play different roles in the school". Explain this statement using suitable examples. (8 marks)

(20 marks)

Question 04

- 1. What is code? (2 marks)
- 2. Briefly explain 4 objectives of the code of ethics for teachers. (4 marks)
- 3. How do you behave ethically in the school setting? Provide three examples. (6 marks)
- 4. Discuss major challenges to code of success. (8 marks)

(20 marks)

Question 05

- 1. Define the term "value". (2 marks)
- 2. Explain the significance of value education in the school setting (4 marks)
- 3. Briefly explain 3 agents of socialization. (6 marks)
- 4. Discuss 4 ways and means that a teacher can inculcate value education (8 marks)

PART -I Answer all the questions given. Underline the most suitable answer.

- (01). When proteins are completely broken down the end products are:
 - (a) glucose molecules, (b) glycerol molecules, (c) amino acids, (d) vitamins
- (02). What food does for you:
 - i. Provides energy for daily activity
 - iii eating is an enjoyable activity for your body
- ii. Gives you raw material
- iv.All of the above
- (03). Osteoporosis effects what part of your body?
 - i. skin
- ii. Hair
- iii. Blood
- iv. Bones
- (04). A Food Nutritional Label will NOT tell you the...?
 - i. food group ii. serving size iii. calories iv. total fat
- (05). The teeth at the front of the mouth which are used for chopping are called:
 - (a) incisors, (b) canines, (c) premolars, (d) molars.
- (06). Having iodized salt regularly in your food will help in the prevention of
 - a. Goitre
- b. Anaemia c. Rickets d. Diabetics

(07). Stunted growth and stomach shrinkage are the symptoms of this deficiency disease.
a. Kwashiorkor b. Marasmus c, Anemia d. Goiter
(08). Having foods rich in this vitamin will prevent Beriberi disease.
A .Vitamin A b. Vitamin C c. Vitamin B1 d. Vitamin D
(09). If you suffer from Anaemia you should eat foods rich in
(09). If you suffer from Anaemia you should eat foods rich in a. Vitamin A and C b. Calcium and Phosphorus c. Iron and Vitamin B12 d. Vitamin A and D
c. Iron and Vitamin B12 d. Vitamin A and D
(10). Lack of exposure to sunlight may lead to deficiency of this
a. Vitamin D b. Vitamin K
c.Vitamin E d. Vitamin D
(11).The key to good health is a i. drink enough water ii. Regular exercises iii. Balanced diet iv. All these
(12). If a person has weak and malformed bone what should take most.i. Vitamin D ii. Protein iii. Food contain Iron iv. Food contain Calceium
i. Making food last longer ii. Increasing the nutritional value food iv. Increase the taste
(14). The disease that became common for sailors because of long voyages without vitamin C in the diet was i, Aneamia ii. Herpes iii. Scurvy. iv, Ebola
(15). Which one of the following groups of chemicals is not a food nutrient?
(a) proteins, (b) enzymes, (c) carbohydrates, (d) vitamins.
(16). Which one of the following foods does not contain carbohydrate: (a) potato, (b) sugar, (c) meat, (d) rice.
(17). Which is the largest gland in the human body? a). Thyroid b). Liver c). Pancreas d). None of these

Identify the disease and name the deficiency that causes it?

- a. Kwashiorkar, caused due to deficiency of proteins
- b. Kwashiorkar, caused due to deficiency of proteins and carbohydrates
- c. Marasmus, caused due to deficiency of proteins
- d. Marasmus, caused due to deficiency of proteins and carbohydrates

(19).. Deficiency of causes Night blindness.

a. Vitamin B1

b. Vitamin D . Vitamin A

d. Vitamin C

(20).

Deficiency of which nutrient leads to this disease?

a. Vitamin A

b. Vitamin D

c. Vitamin C

d. Vitamin C

(Marks- 20)

PART II

Answer any four questions given.

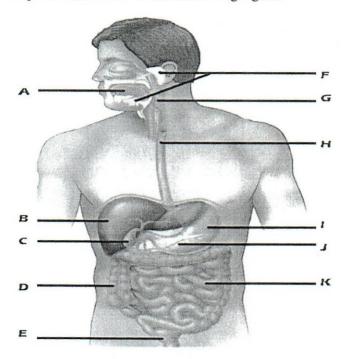

(01).

- i. Name five systems in the Human Body.
- ii. List three functions of Blood Circulatory system.
- iii. Write the path of food taken by mouth till waste pass away from body.
- iv. What are the ways diseases spread among people?
- v. Write five ways water gets polluted.

(Marks- 20)

(02). Digestive system is one of the most important systems of the body.

i. Lable the parts from A-K of the following figure.

- ii. Name two hormones secreted by the organ J.
- iii. What is the main function of the organ K?
- iv. What are the adaptations of K to do its functions?
- v. Write the functions of the two hormones mentioned in above II

(20 Marks)

(03). i. Li	st ten uses of water.	
ii. V	What are the three types of water available on earth?	
iii. L	ist ten ways that water gets polluted.	
iv. V	Vrite ten possible ways we can prevent water pollution.	
v. L	ist five uses of plants.	
		(20 Marks)
(04).		
	hat are the five sensory organs of the body?	
ii. W	hat are some examples of fat-soluble vitamins?	
iii. N	Name three vitamin deficiency symptoms.	
iv. V	What are the components of a healthy diet?	
v. W	hat are the ways we get diseases?	
		(Marks- 20)
(05).		
i.	What are infectious diseases? Give three examples.	
ii.	List five good health habits?	
iii.	List three minerals essential for body.	
iv.	Name three noninfectious diseases,	
v.	Name four diseases spread due to polluted water.
